EDDS Corporate Sponsorship

The E.D.D.S. has developed a branch of corporate sponsorship - the Distinguished Partnership program - to increase non-dues revenue and to foster stronger relationships with corporate suppliers. Sponsoring companies are designated the level of "distinguished partner" in one of three categories: dental supplier, dental laboratory, and financial institution. For their high level of support the E.D.D.S. gratefully acknowledges:

Patterson Dental Canada
TD Canada Trust

HELP WANTED

Full Time Associate: Looking for a motivated full time associate for a modern, busy group practice that offers complete dental services from basic dentistry to esthetics. Candidate must possess a conscientious attitude towards the delivery of quality patient care. Dentist will be immediately busy from taking over another full-time dentist patient load. Please email resume to jau1234@gmail.com or call 780-475-5922.

Full Time Associate: Associate dentist required immediately for busy Southwest, strip mall practice to take on existing associate's patient base and new patients. Existing associate has bought a practice far from office. Please send all inquiries via e-mail to hvdc@telus.net.

Associate Dentist Wanted: Solo practice in Spruce Grove, AB is seeking associate dentist with minimum 2 years practical experience to join in. Hours to be worked are negotiable but current patient demand is for evenings, Fridays and Saturdays, especially during the building phase of the associateship. Schedule can be as busy or as light as needed (full flexibility). Practice does most phases of general dentistry, some surgery, and offers sedation. To apply please e-mail CV to dentposition@shaw.ca.

Part-Time Associate: Time to Care Dental Group is expanding! It's an exciting year ahead. We begin working with Transitions North America and promoting and delivering the Provera product to our patients this month. We require an experienced dentist to join us in the journey! Position is 2 days a week, Thursdays and Fridays. Please contact Dr. Sylvie Renoir at drrenoir@timetocare.ca or at 780-297-7061. Visit our website at www.timetocare.ca

Full Time Associate: We are looking for a new associate to work full time in our modern, fully computerized office. We are open seven days a week inside a shopping centre on the southeast side of Edmonton. The ideal individual will be expected to work Sunday and four other days in the week. There will be at least two 1-9 shifts, in any given week. All interested parties kindly remit resume kquon@telusplanet.net copy to vanessa@bonniedoondentalclinic.com.

Edmonton Dental Assistants Association

The Edmonton Dental Assistants Association has operated a **complimentary** Employment Registry service since 1968 to help area employers find suitable staff. Dentists, self-employed Dental Hygienists and Denturists may contact the EDAA and utilize this service as an efficient and effective way to fill staff openings. Many employers prefer to hire from our registry rather than place a newspaper or online advertisement. This service will save you time and money as well as guarantee that applicants are current members of the EDAA.

The EDAA has members that are Registered Dental Assistants, Dental Receptionists and Dental Hygienists. These members are qualified and available to fill a variety of positions in dental and dentally related work environments.

**Employers may contact the EDAA by
phone/fax 780-987-2022 or email: edaa@interbaun.com**

New users will be asked to read, sign and return an Employer Statement of Understanding that outlines EDAA policies in regard to use of our registry. Once this form is received we will open a file for that employer. A request form may then be sent to the EDAA anytime the employer has a position to fill. The form provides us with details of the position and the qualification required to fill that position. We will post the job on our registry and send the employer our current list of members available and looking for work. The employer may contact anyone on the list that matches in qualifications and types of position required and ask that individual to send them a resume or attend an interview. EDAA members that are not on the list we send to the employer are also able to access the job postings and apply directly to the employer if they are interested and have qualifications that match what the employer has requested.

The job market is constantly changing and it is nice to know that a local professional association for dental auxiliaries provides you with an easy to use service and maximizes your opportunity of finding a suitable candidate quickly. **Contact the EDAA Employment Registry to fill your next staff opening!**
