

Welcome to the 2021 NorthWest Dental Expo!

I am proud to present this event to all of our members and the greater dental community.

I am honored to serve as President of the Edmonton and District Dental Society. I want to thank the Board of Directors and all of the EDDS members for this privilege. As president I will advocate for the dental profession and continue my pursuit of providing the highest quality continuing education events for our members.

Dr. Elena Hernandez-Kucey is the 2021 Northwest Dental Expo Chair and has spent countless hours organizing this year's event with the help of our entire board. We have organized an excellent line up of lecturers & a digital trade show. After a well-attended 2020 virtual conference we have built a bigger and better event for you this year.

I know we are all excited for a return to normalcy in our personal and professional lives and I am excited to see you all in person soon.

Enjoy this year's virtual expo!

Dr. Brett Shkopich  
EDDS President
