### HELP WANTED

**Excellent opportunity** for a nearly retired dentist who wishes to work very reduced hours preferably every Wednesday and Mon-Fri 8-4 when Dr. Bereznicki-Szyling is away. This arrangement is very flexible. Please contact Dr. Bereznicki-Szyling at 780 488 2822 or [mszyling@shaw.ca](mailto:mszyling@shaw.ca)

**Part Time Associate Wanted** We are in search of a part time associate who is motivated, enthusiastic, and wanting to earn some extra income in a general practice office in the south side. At the moment, we are looking for someone to work Tuesday/Thursday, hours 8-5 to start, and then possibly adding the Wednesday. Depending on how things go, perhaps in a few months to work full time, with the possibility of future partnership/practice ownership options. If you might be interested, please email your resume to [wdental.office@gmail.com](mailto:wdental.office@gmail.com).

**Associate Wanted** Mall practice looking for an associate to work 4 days per week. We are an assignment office that schedules regular patients as well as emergency patients on a daily basis. The ideal individual must be able work Thursday 1-9 pm, Friday 11am -7 pm, Sunday 10am-6pm and a minimum of 2-4 Saturdays per month from 9-30am-5:30pm. Interested parties contact

Dr. K. Quon [kenquon@telusplanet.net](mailto:kenquon@telusplanet.net)  
or Vanessa at [vanessa@bonniedoondentalclinic.com](mailto:vanessa@bonniedoondentalclinic.com)

The Edmonton Dental Assistants Association has operated a **complimentary** Employment Registry service since 1968 to help area employers find suitable staff. Dentists, self-employed Dental Hygienists and Denturists may contact the EDAA and utilize this service as an efficient and effective way to fill staff openings. Many employers prefer to hire from our registry

rather than place a newspaper or online advertisement. This service will save you time and money as well as guarantee that applicants are current members of the EDAA.

The EDAA has members that are Registered Dental Assistants, Dental Receptionists and Dental Hygienists.

These members are qualified and available to fill a variety of positions in dental and dentally related work environments.

**Employers may contact the EDAA by  
phone/fax 780-987-2022 or email: [edaa@interbaun.com](mailto:edaa@interbaun.com)**

New users will be asked to read, sign and return an Employer Statement of Understanding that outlines EDAA policies in regard to use of our registry. Once this form is received we will open a file for that employer. A request form may then be sent to the EDAA anytime the employer has a position to fill. The form provides us with details of the position and the qualification required to fill that position. We will post the job on our registry and send the employer our current list of members available and looking for work. The employer may contact anyone on the list that matches in qualifications and types of position required and ask that individual to send them a resume or attend an interview. EDAA members that are not on the list we send to the employer are also able to access the job postings and apply directly to the employer if they are interested and have qualifications that match what the employer has requested.

The job market is constantly changing and it is nice to know that a local professional association for dental auxiliaries provides you with an easy to use service and maximizes your opportunity of finding a suitable candidate quickly. **Contact the EDAA Employment At 780-987-2022.**

The School of Dentistry is accepting *Endodontic* patients for the DDS clinic program.

If you have a patient who needs Endodontic treatment and cannot afford it, consider referring them to the School.

Any referral patients will be referred (go) back to private practice for all other treatment.

Phone: 780-407-5550 for endo booking

### **Dental Students Raise \$60,000 for Kindness in Action**

The Dental Students Association raised \$60,000 for Kindness in Action during their annual Winter Charity Ball, held Jan. 23. Kindness in Action is a non-profit organization that supports dental missions around the world. Twelve students from third year will be taking part in missions in Belize, Nicaragua, Peru and Ecuador.

Dental student Marissa Struik just returned from her mission in Belize with Kindness in Action. she spent her time in a small community called Hopkins.

"My experience on the trip can only be summed up as phenomenal. The dental team I was lucky to be a part of were so welcoming and helpful, they really wanted the team to succeed in serving the Hopkins community to the best of everyone's ability," says Struik. "I gained a lot of dental experience working with them, and they all helped the students become more confident in our skills. It really was one of the best learning opportunities I have had thus far in my dental schooling, not only in dental skills, but in patient management and team building."

A big thank you to all the sponsors who donated money to this initiative.

### **Dental Students Score Above Canadian Average on NDEB**

Congratulations to the dental students at the School of Dentistry for their success on the 2015 National Dental Examining Board of Canada (NDEB), and to all those who helped prepare them for this exam over their years in the School's program. The students were ranked well above the Canadian average again this year. Over the past 10 years, the dental students have been above the Canadian average 7 times on each component of the exam.
